Connectable label printer for your workspace

Transform your workspace with a professional label printer from Brother. From small office/home office setups to larger office spaces, the PT-D460BT model offers a compact, easy-to-use label printer which prints clear, laminated labels and comes with additional Bluetooth connectivity. Perfect for organising important files and folders, asset management and general office signage labels, this model allows you to create an organised and comfortable working environment for everyone.

PT-D460BT

ORGANIZING
MADE EASY!

Key features:

- Create labels using the built-in keyboard, download the Brother iPrint&Label app and use your smart device or connect to a computer via USB for additional labelling functionality using P-touch Editor software
- Large graphical display to view text and layout before printing
- Preview labels before printing
- QWERTY keyboard for easy typing
- Store up to 70 labels for quick reprinting
- Print on label tapes up to 18mm wide
- Includes tape cassette, AC adapter and USB cable
- Language support: English, Arabic, Farsi

Perfect for standalone use

With a built-in QWERTY keyboard and large graphical display which includes print preview, the PT-D460BT model is user-friendly and designed for ease-of-use, fast typing and optimal desktop handling.

Expanded options for creating labels

The PT-D460BT label printer is perfect for straightforward standalone use, as well as PC/smartphone connectable which offers additional label design functionality when paired with the iPrint&Label app, plus Brother's own P-touch Editor software. These applications provide expanded options for creating labels beyond basic usage, including specially designed, ready-made templates and the option to create fully customised labels. Include your own logo, symbols, barcodes and much more.
